

# CONTENTS

---

|   |             |
|---|-------------|
| <i>Contributors</i> .....   | <i>xi</i>   |
| <i>Abbreviations</i> .....  | <i>xvii</i> |
| <i>Preface</i> .....  | <i>xxi</i>  |
| <b>PART I: Wastewater Management</b> .....  | <b>1</b>    |
| 1. Vermifiltration of Arsenic Contaminated Water Using Vermifiltration Technology: A Novel Bio-Filter Model.....  | 3           |
| Chandrajeet Kumar, Sushmita, Nupur Bose, and Ashok Ghosh  |             |
| 2. Performance of an Aerobic Granular Reactor Treating Organics and Ammonia Nitrogen with Time .....  | 13          |
| Sachin Kumar Tomar and Saswati Chakraborty  |             |
| 3. East Kolkata Wetlands (EKW), India: A Unique Example of Resource Recovery.....   | 25          |
| Anita Chakraborty, Subrata Halder, Sadaf Nazneen, and Suman Kumar Dey   |             |
| <b>PART II: Integrated Water Resources Management</b> .....   | <b>41</b>   |
| 4. Integrated Water Resource Management Plan .....  | 43          |
| Anil Kumar  |             |
| 5. Evaluation of Gravity-Based Drip Irrigation with Plastic Mulch on Raised Bed Cultivation of Summer Okra at Farmers Field in Ranchi District .....        | 51          |
| Mintu Job, Niva Bara, A. K. Tiwari, and C. S. Singh   |             |
| 6. Assessment of Agricultural Drought Using a Climate Change Initiative (CCI) Soil Moisture Derived/Soil Moisture Deficit: Case Study from Bundelkhand..... | 63          |
| Varsha Pandey, Swati Maurya, and Prashant K. Srivastava   |             |
| 7. Evaluating the Use of “Goodness-of-Fit” Measures in a Water Movement Model.....  | 73          |
| Vinod Kumar Tripathi  |             |

|  |            |
|--|------------|
| <b>8. Molluscs as a Tool for River Health Assessment:<br/>A Case Study of River Ganga at Varanasi.....</b>   | <b>87</b>  |
| Ipsita Nandi and Kavita Shah   |            |
| <b>9. Spatial Variability in the Water Quality of Chilika Lagoon,<br/>East Coast of India.....</b>   | <b>99</b>  |
| Sadaf Nazneen and N. Janardhana Raju   |            |
| <b>10. Precision Irrigation and Fertigation for the Efficient Water and<br/>Nutrient Management .....</b>  | <b>119</b> |
| P. K. Singh  |            |
| <b>11. Identification of Urban Heat Islands from Multi-Temporal<br/>Modis Land Surface Temperature Data: A Case Study of the<br/>Southern Part of West Bengal India.....</b> | <b>135</b> |
| Priti Kumari, Naval Kishor Yadav, Abhisek Santra, and Utkarsh Upadhyay   |            |
| <b>12. Derivation of an Optimal Operation Policy of a<br/>Multipurpose Reservoir.....</b>  | <b>145</b> |
| Prabeer Kumar Parhi  |            |
| <b>13. Glaciers and Glacial Lake Outburst Flood Risk Modeling for<br/>Flood Management .....</b>   | <b>157</b> |
| Nity Tirkey, P. K. Parhi, and A. K. Lohani   |            |
| <b>14. Determination of Design Parameters for the Border<br/>Irrigation Method .....</b>   | <b>163</b> |
| Garima Jhariya, Rajeev Ranjan, Pratibha Warwade, K. L. Mishra, and V. K. Jain  |            |
| <b>15. ENSO Association with Rainfall.....</b>   | <b>173</b> |
| Pratibha Warwade   |            |
| <b>16. Efficient Reservoir Operation with a Multi-Objective Analysis .....</b>   | <b>191</b> |
| Priti Sagar and Prabeer Kumar Parhi  |            |
| <b>17. An Analysis of Flood Control in Eastern South Asia.....</b>   | <b>201</b> |
| Amartya Kumar Bhattacharya   |            |
| <b>PART III: Groundwater Management.....</b>   | <b>217</b> |
| <b>18. Hydro-Geological Status of the Core and Buffer Zone of<br/>Beekay Steel Industries Limited, Adityapur Industrial Area,<br/>Saraikela, Kharsawan, Jharkhand.....</b>   | <b>219</b> |
| Utkarsh Upadhyay, Nishant Kumar, Randhir Kumar, and Priti Kumari   |            |
| <b>19. Simultaneous Biological Removal of Arsenic, Iron, and Nitrate from<br/>Groundwater by a Terminal Electron Accepting Process .....</b>                                 | <b>247</b> |
| Arvind Kumar Shakya and Pranab Kumar Ghosh   |            |

|   |            |
|---|------------|
| <b>20. Scientific Framework for Subsurface Characterization and Evaluation of Grain-Size Analysis Methods.....</b>  | <b>261</b> |
| Sabinaya Biswal and Madan Kumar Jha   |            |
| <b>21. Study of Chemical Nature of Groundwater in the Western Parts of Jharkhand with a Focus on Fluoride .....</b>                                       | <b>273</b> |
| Neeta Kumari and Gopal Pathak   |            |
| <b>22. Geohydrological Investigation Using Vertical Electrical Sounding at Chinamushidiwada Village in Visakhapatnam, Andhra Pradesh, India .....</b>     | <b>287</b> |
| Kiran Jalem   |            |
| <b>23. Delineation of Groundwater Potential Zones in Hard Rock Terrain Using Remote Sensing and Geographical Information System (GIS) Techniques.....</b> | <b>303</b> |
| D. Nandi, P. C. Sahu, and S. Goswami  |            |
| <b>24. An Analysis of Saline Water Intrusion into Coastal Nigeria.....</b>  | <b>319</b> |
| Amartya Kumar Bhattacharya  |            |
| <b>25. Saline Water Intrusion in Coastal Areas: A Case Study from India .....</b>   | <b>331</b> |
| Amartya Kumar Bhattacharya  |            |
| <b>PART IV: Watershed Development and Management.....</b>   | <b>351</b> |
| <b>26. Morphometric Analysis and Prioritization of Sub-Watersheds in the Kosi River Basin for Soil and Water Conservation.....</b>                        | <b>353</b> |
| Rajani K. Pradhan, Swati Maurya, and Prashant K. Srivastava   |            |
| <b>27. Analysis of Urban Drainage Simulations of an Immensely Urbanized Watershed Using the PCSWMM Model.....</b>   | <b>369</b> |
| Satish Kumar, D. R. Kaushal, and A. K. Gosain   |            |
| <b>28. Rainfall Forecasting Using a Triple Exponential Smoothing State Space Model.....</b>   | <b>381</b> |
| Swati Maurya and Prashant K. Srivastava   |            |
| <b>29. Improving Irrigation Water Use Efficiency: A Solution for Future Water Need.....</b>   | <b>391</b> |
| Prabeer Kumar Parhi   |            |
| <b>30. Rainfall Variability and Extreme Rainfall Events Over Jharkhand State.....</b>   | <b>401</b> |
| R. S. Sharma and B. K. Mandal   |            |

|  |                   |
|--|-------------------|
| <b>31. Variation of Climatological Parameters Inside and Outside Naturally Ventilated Polyhouses.....</b>  | <b>415</b>        |
| Ravish Chandra and P. K. Singh   |                   |
| <b>32. Design of a Rain Water Harvesting Structure at Allahabad Museum, Allahabad City, U.P., India.....</b>   | <b>427</b>        |
| Vivek Tiwari, Sarika Suman, and H. K. Pandey   |                   |
| <b>33. Downscaling of Precipitation Using Large Scale Variables .....</b>  | <b>439</b>        |
| Pratibha Warwade, Surendra Chandniha, Garima Jhariya, and Devendra Warwade   |                   |
| <b>34. Groundwater Prospect Mapping in Upper South Koel River Basin Jharkhand (India) Based on GIS and Remote Sensing Technologies ....</b>                                    | <b>459</b>        |
| Stuti, Arvind Chandra Pandey, and Saurabh Kumar Gupta  |                   |
| <b>35. Geo-Processing Based Hydrological Sensitivity Analysis and Its Impact on Forest and Terrain Attributes in the Hazaribagh Wildlife Sanctuary, Jharkhand, India .....</b> | <b>481</b>        |
| Saurabh Kumar Gupta, A. C. Pandey, and Stuti   |                   |
| <b><i>Index.....</i></b>   | <b><i>497</i></b> |
