

CONTENTS

CHAPTER 1 Introduction to Architectural Design / 001

- ◎ 1.1 Architectural elements / 001
- ◎ 1.2 Classification and grading of buildings / 002
- ◎ 1.3 Building modulus / 005
- ◎ 1.4 Basis of architectural design / 007
- ◎ 1.5 Contents and procedures of building design / 011
- ◎ Questions / 017

CHAPTER 2 Architectural Plan Design / 018

- ◎ 2.1 Content of plan design / 018
- ◎ 2.2 Design of main room / 019
- ◎ 2.3 Design of auxiliary room / 026
- ◎ 2.4 Design of traffic connection part / 028
- ◎ 2.5 Combinatorial design of architectural plan / 032
- ◎ Questions / 042

CHAPTER 3 Architectural Section Design / 043

- ◎ 3.1 Section shape of the room / 043
- ◎ 3.2 Height determination of each part of the house / 046
- ◎ 3.3 Layers of building / 051
- ◎ 3.4 Combination and utilization of architectural space / 052
- ◎ Questions / 055

CHAPTER 4 Building Shape and Facade Design / 056

- ◎ 4.1 Factors affecting building shape and facade design / 056
- ◎ 4.2 Basic rules of architectural composition / 058
- ◎ 4.3 Building shape and facade design method / 063
- ◎ Questions / 068

CHAPTER 5 Introduction to Architectural Construction / 069

- ◎ 5.1 Object and task of architectural construction research / 069
- ◎ 5.2 Basic composition of buildings and functions of each part / 069
- ◎ 5.3 Factors affecting architectural construction / 073
- ◎ 5.4 Architecture construction design principles / 074
- ◎ Questions / 076

CHAPTER 6 Foundation and Basement / 077

- ◎ 6.1 Overview of foundation and foundation soil / 077
- ◎ 6.2 Type and construction of foundation / 081
- ◎ 6.3 Moisture-proof and waterproof treatment of basement / 086
- ◎ Questions / 091

CHAPTER 7 Wall / 092

- ◎ 7.1 Wall type and design requirements / 092
- ◎ 7.2 Construction of block wall / 098
- ◎ 7.3 Construction of partition wall / 109
- ◎ 7.4 Curtain wall / 111
- ◎ 7.5 Deformation joint / 113
- ◎ Questions / 121

CHAPTER 8 Stair / 123

- ◎ 8.1 Basic knowledge of stair / 123
- ◎ 8.2 Construction of reinforced concrete stairs / 130
- ◎ 8.3 Detailed construction of stairs / 136
- ◎ 8.4 Elevator and escalator / 142
- ◎ Questions / 143

CHAPTER 9 Floor / 144

- ◎ 9.1 Basic knowledge of floor / 144
- ◎ 9.2 Construction of ground / 147
- ◎ 9.3 Construction of reinforced concrete floor / 151
- ◎ 9.4 Construction of ceiling / 159
- ◎ 9.5 Balcony and canopy / 161
- ◎ Questions / 164

CHAPTER 10 Roof / 165

- ◎ 10.1 Basic knowledge of roof / 165
- ◎ 10.2 Construction of flat roof / 168
- ◎ 10.3 Construction of pitched roof / 179
- ◎ Questions / 187

CHAPTER 11 Design of Industrial Factory Building / 188

- ◎ 11.1 Basic knowledge of industrial building / 188
- ◎ 11.2 Plan design of single-story factory building / 196
- ◎ 11.3 Section design of single-story factory building / 202
- ◎ 11.4 Positioning axis of single-story factory building / 208
- ◎ 11.5 External shape design and internal space treatment of single-story factory building / 213
- ◎ Questions / 215

REFERENCES / 216
